

## Thread-Lock™ FC Fiber Optic Connector

See ELECTRONIC FILES for CAD files (.DXF, .DWG, MS-DOS.EPS) on disk

For ELECTRONIC Typical Specs see (.TXT) file on disk.

### APPLICATION

Field termination of single mode and multimode fiber optic cable.

### STANDARDS COMPLIANCE

Meets or exceeds all applicable standards. Complies with TIA/EIA-568-B; and meets FCC Part 68. Meets industry standards for performance and tensile strength.

### PHYSICAL SPECIFICATIONS

Capacity: Singlemode 9/125 micron  
Multimode 50/125 micron 62.5/125 micron  
Climatic Category: -40/+80 centigrade  
Materials: Body - Nickel plated brass  
Ferrule - Pre-radiused zirconia ceramic  
Loss Specification: .2 dB typical  
Mounting: Threaded Nut Coupling

### DESIGN CONSIDERATIONS

- Reusable compression type retention - no epoxy or UV curing.
- Multiple mating/fully intermateable.
- Applicable to 3 mm, 900 micron, & 250 micron cable.
- Insertion loss typical at .20 dB

### INSTALLATION NOTES

- Installation instructions and tightening tool are included in each box of 50 connectors.
- No special tooling required.
- A Fiber Optic tool kit is available (see ordering info).

### TYPICAL SPECIFICATION

Fiber optic connectors shall be "FC" type with a metal body, coupling nut and ceramic ferrule. The connectors shall be field installable and require no epoxy, heat cure devices or special crimp tools to facilitate the termination of the fiber. The connector shall be of a design that allows removal and retermination, using the same connector to reduce material waste. The connector meets all applicable TIA/EIA standards for fiber optic connector reliability and intermateability. The manufacturer shall provide a one-year limited product warranty and 15 year product performance guarantee. The manufacturer shall provide a lifetime warranty against defects in material and workmanship and an application guarantee when installed as part of a certified system.

### UNIQUE FEATURES

- Connector may be removed and reused.
- No epoxy or special crimp tools required.
- No heat cure devices are required.
- Connector is appropriate for permanent or temporary applications.
- Termination time—2 minutes.

### WARRANTY INFORMATION

- One-year limited product warranty and 15-year performance guarantee are standard.
- Product and performance warranties are extended to a Lifetime as part of Leviton's Certified Cabling System.
