

Decora Smart® 4-Button Controller with Wi-Fi® Technology

decora smart

the 4 buttons on the face of the device. For instance, the top button could be “All On”, the 4th button could be “All Off” and then 3 and 4 could be commonly used scenes such as “Dinner Time” and “Party Mode”. The custom lighting scenes can include any product from the Decora Smart Wi-Fi family including dimmers, switches and smart plugs.

CUSTOM ENGRAVED BUTTONS

Take it to the next level by ordering custom engraved buttons for your 4-Button Controller. These can be designed and ordered at any time through the My Leviton app. The buttons are available in six color options. Custom Engraved Buttons are currently available to U.S. customers only.

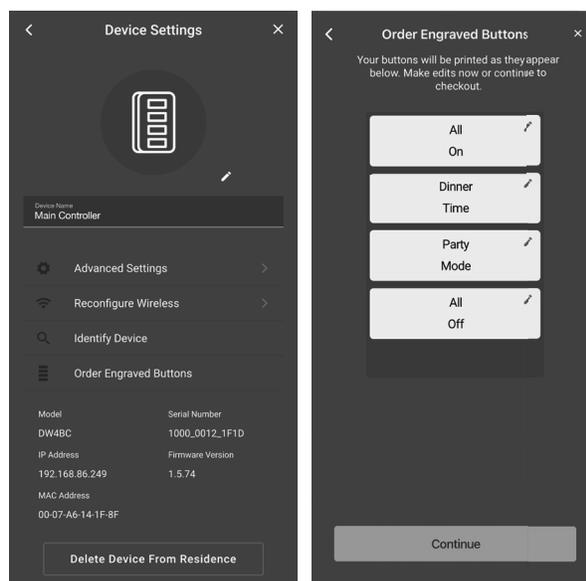

APPLICATION

The Decora Smart Wi-Fi 4-Button Controller (DW4BC) provides sophisticated in-wall control of multiple Decora Smart Wi-Fi devices, room lighting scenes and whole house lighting activities. Use with Decora Smart Wi-Fi lighting controls and the My Leviton app to offer an “always there, always on” control center for smart lighting. Adjust devices, activate scenes in a room, or push one button to turn on or off every Decora Smart Wi-Fi light in the home.

The DW4BC requires hot, neutral, and ground wires, and does not directly connect to a load. The four buttons can be customized for control via the My Leviton app.

WORKS WITH MY LEVITON

Simply use the My Leviton app to enroll all of your Leviton smart devices, then use the app to assign specific functions to each of

Decora Smart® 4-Button Controller with Wi-Fi® Technology
