

Color:

Light Almond

**UPC Code:** 078477712740

Country Of Origin: China

**NEMA:** 

5-15R

#### **Available Colors:**

Gray

# **GFNT1-T**

15 Amp, Self Test, Non Tamper-Resistant GFCI Outlet with LED Indicator Light

15 Amp, 125 Volt Receptacle/Outlet, 20 Amp Feed-Through, Selftest SmartlockPro Slim GFCI, monochromatic, back and side wired, nylon wallplate/faceplate and self grounding clip included -Light Almond

- SAFE Delivers continuous ground fault protection
- SELF TESTING Automatically self-tests to ensure it can respond to ground fault
- SIMPLE Status indicator light provides simple, intuitive feedback

**Electrical Specifications** 

Withstands 1250VAC per UL

943 and CSA-C22.2 No. 144.1-

**Operating Temperature: -35C** 

**Short Circuit Current Rating:** 

Temperature Rise: Max 30C

after 100 cycles OL at 150 percent rated current

**Dielectric Voltage:** 

to +66C

10KA

#### **Technical Information**

**AC Horsepower Ratings** 

At Rated Voltage: 1 HP

Dielectric Voltage: Withstands 1250VAC per UL 943 and CSA-C22.2 No. 144.1-

**Short Circuit Current Rating:** 

10KA

Temperature Rise: Max 30C after 100 cycles OL at 150 percent rated current

#### **Features and Benefits**

 Provides continuous ground fault protection – detects and trips on actual ground fault even when self-test is being conducted

\_

- On initial power up, tests the GFCI within 3 seconds
- Auto-monitoring exceeds the UL requirement
- Auto adapts and shifts to more frequent testing if potential problem is detected
- Status Indicator Light provides simple, intuitive feedback on power and protection status as well as indication of line/load reversal
- Patented Lockout Action prevents reset if GFCI is damaged and cannot respond to a ground fault
- Electronics are designed to minimize any false triggers
- Reduced depth makes it easier to install in any electrical box, even shallow ones
- Terminals allow for easy wiring options back and side wire capable
- External back wire clamps provide visual indication of proper wire seating
- Withstands high torque and resists wire pullout
- Standard brass self-grounding clip
- Trip threshold meets or exceeds UL requirements for tripping time
- Improved immunity to high-frequency noise reduces nuisance tripping
- Advanced electronics design provides superior resistance to electrical surges and over-voltages
- Compatible with all Decora devices and wallplates; available in select Decora colors
- UL Fed Spec WC-596 rated.
